Ensuring responsible minerals and metals supply chains

INTRODUCING THE NEW SME ADVISORY SERVICE

SUPPORTING YOUR DUE DILIGENCE JOURNEY TO COMPLY WITH THE EU CONFLICT MINERAL REGULATION

Starting January 2021, the European Commission is funding a complimentary advisory service to SMEs that have to comply with the EU Conflict Mineral Regulation that came into force on 1 January.

WHO IS IT FOR? EU-based SMEs with minerals and metals in their supply chains – focusing on, but not limited to, tin, tantalum, tungsten and gold.

We strive to provide the advisory in your native language when possible.
