

List of products of harmonised standards

Code 19: FLOORINGS

Standard	Name	Application	Product-type	Intended use	System of attestation	Mandate
EN 1051-2	Glass in building — Glass blocks and glass pavers — Part 2: Evaluation of conformity/Product standard	Glass blocks and glass pavers	Glass blocks and glass pavers	for uses subject to reaction to fire regulations	4	M/135
				for use as anti-bullet, or anti-explosion glazing	1	
				for other uses liable to present "safety-in-use" risks and subject to such regulations	3	
				for uses relating to energy conservation and/or noise reduction	3	
				for uses other than those specified above	4	
EN 1338	Concrete paving blocks — Requirements and test methods	Precast concrete paving blocks and complementary fittings for pedestrian use, vehicular use and roof coverings	Concrete paving blocks	for external uses and road finishes to cover external pedestrian and vehicular circulation areas	4	M/119 and M/122
				for internal uses including enclosed public transport premises	4	
				for roofing	4	
EN 1339	Concrete paving flags — Requirements and test methods	Precast concrete paving flags and complementary fittings that are for use in trafficked paved areas and roof coverings	Concrete paving flags	for external uses and road finishes to cover external pedestrian and vehicular circulation areas	4	M/119 and M/122
				for internal uses including enclosed public transport premises	4	
				for roofing	4	
EN 1340	Concrete kerb units — Requirements and test methods	Unreinforced, cement bound precast concrete kerb units, channels and complementary fittings, that are for use in trafficked paved areas and roof coverings	Concrete kerb	for external uses and road finishes to cover external pedestrian and vehicular circulation areas	4	M/119 and M/122
				for internal uses including enclosed public transport premises	4	
				for roofing	4	
EN 1341	Slabs of natural stone for external paving — Requirements and test methods	Natural stone slabs used for external paving and road finishes	Natural stone slabs	for external uses and road finishes to cover external pedestrian and vehicular circulation areas	4	M/119
EN 1342	Setts of natural stone for external paving — Requirements and test methods	Setts of natural stone used for external paving and road finishes	Setts of natural stone	for external uses and road finishes to cover external pedestrian and vehicular circulation areas	4	M/119

EN 1343	Kerbs of natural stone for external paving — Requirements and test methods	Kerbs of natural stone used for external paving and road finishes	Kerbs of natural stone	for external uses and road finishes to cover external pedestrian and vehicular circulation areas		4	M/119
EN 1344	Clay pavers — Requirements and test methods	Rectangular and other shaped units intended as construction products in pavements mainly for exterior use, including roofs as roof paving units, but which may also be used internally	Clay pavers	roof pavings	for uses subject to external fire performance regulations	3,4	M/119 and M/122
					for uses subject to regulations on dangerous substances	3	
					for uses other than those specified in two families above	4	
				rigid flooring products; paving units	for internal uses including enclosed public transport premises	1,3,4	
for external uses and road finishes, to cover external pedestrian and vehicular circulation area	4						
EN 12057	Natural stone products — Modular tiles — Requirements	Flat modular tiles of natural stone which are made for internal and/or external uses as floorings, stairs and wall and ceiling finishes	Tiles of natural stone	rigid flooring products for internal uses		1,3,4	M/119
				rigid flooring products for external uses		4	
				tiles	as internal or external finishes in walls or ceilings subject to reaction to fire regulations	1,3,4	
					as internal or external finishes in walls or ceilings subject to regulations on dangerous substances	3	
					in internal or external suspended ceilings subject to safety in use requirements	3	
					as internal or external finishes in walls or ceilings for other uses mentioned in the mandate	4	
EN 12058	Natural stone products — Slabs for floors and stairs — Requirements	Flat natural stone slabs used as paving units for internal and/or external uses in floors and stairs including skirtings	Slabs of natural stone for floors and stairs	rigid flooring product	for internal uses including enclosed public transport premises	1,3,4	M/119
				rigid flooring products for external uses	for internal uses and road finishes to cover pedestrian and vehicular circulation areas	4	
EN 13748-1	Terrazzo tiles — Part 1: Terrazzo tiles for internal use	Unreinforced cement-bound terrazzo tiles which are factory made and sold ready to be placed	Terrazzo tiles	rigid flooring products		4	M/119
EN 13748-2	Terrazzo tiles — Part 2: Terrazzo tiles for external use	Unreinforced cement-bound terrazzo tiles which are factory made and sold ready to be placed	Terrazzo tiles	rigid flooring products for external uses and roofing		4	M/119
EN 13813	Screed material and floor screeds — Screed material — Properties and requirements	Screed material for use in floor construction internally	Screed material	for internal uses subject to reaction to fire regulations		1,3,4	M/132
				for internal uses subject to regulations on dangerous substances		3	
				all other uses		4	

EN 14016-1	Binders for magnesite screeds — Caustic magnesia and magnesium chloride — Part 1: Definitions, requirements	Caustic magnesia and magnesium chloride, which will be used for magnesite screed material and magnesite screeds	Caustic magnesia and magnesium chloride	for uses in indoor areas subject to reaction to fire regulations		3,4	M/132
				for uses in indoor areas subject to regulations for dangerous substances		3	
				for uses not mentioned above		4	
EN 14041	Resilient, textile and laminate floor coverings — Essential characteristics	Resilient floor coverings manufactured from plastics, linoleum, cork or rubber; Textile floor coverings; Laminate floor coverings; Floor panels for loose laying.	Resilient, textile and laminate floor coverings	internal and external use as flooring coverings		1,3,4	
EN 14342	Wood flooring and parquet — Characteristics, evaluation of conformity and marking	Flat surface wood flooring products and parquets	Wood flooring products and parquets	for internal uses including enclosed public transport premises		1,3,4	M/119
EN 14411	Ceramic tiles — Definitions, classification, characteristics, evaluation of conformity and marking	Ceramic tiles produced by extrusion and dry-pressing techniques, used for internal and/or external floorings, including stairs	Floor tiles	rigid flooring products: rigid floor tiles	for external uses, to cover external pedestrian and vehicular circulation areas	4	M/119
					for internal uses including enclosed public transport premises	1,3,4	
			Wall tiles	wall tiles	as internal or external finishes in walls subject to reaction to fire regulations	1,3,4	
					as internal or external finishes in walls, as relevant, subject to regulations on dangerous substances	3	
		as internal or external finishes in walls for other uses mentioned in the mandate	4				
EN 14904	Surfaces for sports areas — Indoor surfaces for multi-sports use — Specification	Surfaces for indoor facilities for multi-sports use	Internal use as sports flooring coverings	internal use as sports flooring coverings		1,3	
EN 15285	Agglomerated stone — Modular tiles for flooring and stairs (internal and external)	Modular tiles of agglomerated stone which are made for use as flooring and stairs for internal and external uses fixed by mortar or adhesives	Tiles of agglomerated stone	for external uses		4	M/119
				for internal uses		1,3,4
