III TABLE ANALYTIQUE DES INVENTIONS BREVETEES

Relative aux brevets publiés au cours de l'année 2001

ANALYTISCHE TABEL VAN DE GEOCTROOIEERDE UITVINDINGEN

Betreffende de octrooien gepubliceerd in de loop van het jaar 2001

CONTENU

Cette table des inventions énumère les brevets dont la demande a été publiée au cours de l'année, classés par indices de classification internationale. La signification des indices de classification internationale des brevets (Int. Cl.), utilisés dans cette table, est donnée dans la "Table Abrégée de la Classification Internationale des brevets" qui est publié en supplément au "Recueil des brevets d'invention" dans la première livraison de chaque année (Janvier).

MODE DE RECHERCHE

Pour obtenir, par exemple, les résumés des brevets ayant pour objet les fours à pain, on recherchera dans la "Table Abrégée de la Classification Internationale des brevets" quel indice correspond à cet objet.

Dans ce cas, il s'agit de l'indice A 21 B.

On trouvera l'indice A 21 B en première colonne de cette table.

A côté de quoi :

(- A -) dans la deuxième colonne : les numéros des fascicules du Recueil contenant des résumés ayant pour objet les fours à pain;

(- B -) dans la troisième colonne, par ordre numérique et en regard des numéros des fascicules du Recueil : les numéros des brevets couvrant les inventions ayant pour objet des fours à pain et dont les résumés figurent dans la fascicule du Recueil considéré sous l'indice A 21 B.

INHOUD

Deze tabel is een opsomming van de octrooien, gepubliceerd in de loop van het jaar en gerangschikt volgens de codes van de internationale classificatie. De betekenis van de codes van de internationale octrooiclassificatie (Int. Cl.), gebruikt in deze tabel, is weergegeven in de "Beknopte Tabel van de Internationale Octrooiclassificatie" die gepubliceerd wordt als bijlage in de "Verzameling van de uitvindingsoctrooien" in de eerste aflevering van elke jaargang (Januari).

OPZOEKINGSWIJZE

Om bijvoorbeeld de korte inhouden weer te vinden van de octrooien die betrekking hebben op bakkersovens, zoekt men in de "Beknopte Tabel van de Internationale Octrooiclassificatie" de overeenstemmende code voor dit onderwerp op.

In voornoemd geval is dit de code A 21 B.

De code A 21 B vindt men in de eerste kolom van deze tabel terug.

Daarnaast :

(- A -) in de tweede kolom: de nummers van de afleveringen van de Verzameling waarin korte inhouden die betrekking hebben op bakkersovens opgenomen zijn;

(- B -) in de derde kolom, in numerieke volgorde en tegenover de nummers van de afleveringen van de Verzameling : de octrooinummers van de uitvindingen betreffende bakkersovens, waarvan de korte inhoud voorkomt in de overeenstemmende aflevering van de Verzameling onder de code A 21 B.
